

# Erpingham Primary School

## Family Learning Afternoon

'Music, Art, Crafts and Outdoor Adventure Activities.'

Tuesday 7<sup>th</sup> February 2017

***'We enjoyed the afternoons activities and it was lovely to be invited into school and work with the children. A wonderful opportunity to see the children interacting with one another, thank you.'* Parent.**

We were delighted to welcome 24 parents and grandparents to Erpingham Primary school for a variety of activities throughout a family learning afternoon. It was damp wintery day, however this did not stop everyone from going outside to take part in some outdoor adventure activities. In groups the children and adults were challenged to carry water over an obstacle course and see which team managed to transport the most. Also they had to find a solution to getting the quoits from one side of the playground to another only allowing a length of rope to touch the quoits. It was fun albeit damp and muddy!

***'The weather was very drizzly today and we certainly got a bit wet and muddy! But it did not stop us enjoying it and the activities outside were fun challenges. I was glad of a warm cup of tea between sessions though!'* Grandparent.**

Families had fun moving around the activities in small groups with their child. Everyone enjoyed the music session finding rhythm in language, clapping and singing together to numerous songs.

***'A fab afternoon it was great singing together, thanks.'* Parent.**

Everyone had the opportunity to design and press their own badge and had lots of fun scrunching brightly coloured tissue paper gluing it onto flower shaped cut outs. There were big leaves to cut out using scissors ready to create a huge piece of wall art in the shape of a tree.

***'Great to spend the afternoon with the children, and they were really pleased with the badges that they made. We are looking forward to seeing the craft flowers in the big wall display.'* Parent.**

It was a positive afternoon and a lovely to see so many families sharing their child's learning.
