

PE & SPORT PREMIUM FUNDING PLAN 2018-19	
Total Grant Awarded for 2018-19	£32,910.00
Previous Grant Carried Forward (if any)	£0.00
Balance to spend	£32,910.00
PE Lead	Mr Steve Portas
Governor responsible for PE	Mrs Lisa Stickle
<p>Objectives of Spend: Our mission is that all our children across the federation leave our primary schools physically literate and with the knowledge skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity, outdoor learning and sport. Through this we aim to improve attainment and attitude to learning which will pass through to other subjects and general school life. This means that we not only give children opportunities to participate in a wide range of sports, but they learn to deal with everyday anxieties through yoga mindfulness, and outdoor adventurous activities (OAA) delivered in Forest School. We offer a diverse range of opportunities to our community with forest friends for our local toddlers and parents/carers and all children from reception to our year 6 children and beyond. Through the years this will become embedded practice both at school and with future years for the children ensuring sustainability. We are dedicated to providing our children with a wider range of physical activities this will keep our children fitter and could be linked to improve academic performance.</p> <p>We will continue our Forest School / OAA . It is extremely inclusive, with a child-led focus ensuring no children are “left behind”. It provides a unique opportunity for children who struggle and shy away from some sports to excel and “get their hands dirty” in the great outdoors. It will raise self-esteem and reduce anxiety. Children learn to take risks and this in turn helps their development within the classroom. These sessions are available to all children from reception to year 6. Ofsted commented ‘Pupils love their school and all talk with great enthusiasm about the impact of ‘forest school’ on their well-being..... ‘You don’t have to be boxed in the classroom. You can learn outside as well.’</p> <p>Swimming: This is offered outside of core requirements of Y6 pupils able to swim 25 meters. Swimming and lifesaving will be offered to children from 4 – 11 at Northrepps and includes life-saving skills which is a valuable skill to have as Northrepps Primary school is situated close to the coast. Swimming will be offered to 6-11 year olds at Erpingham.</p> <p>Physical Education: Premier sport will be used to provide taster sessions and workshops with parents. This will include healthy eating workshops in which they will engage parents covering aspects such as healthy lifestyles. We will work in partnership with other small schools to offer competitive event such as cross country and football. We need a supply teacher to cover the class to enable these competitive sports to continue. LB Sports will continue coaching new activities such as tag rugby and fitness and athletics both as PE sessions and afterschool clubs.</p>	

Impact of Primary Sport Premium Spend 2018-19					
Item/Project	Cost	Objectives	Link to SIDP	Impact over this academic year	Further development
<p>Forest School / OAA (KS1/2)</p> <p>1 session per week for each class for one year.</p>	£21,016	<p>To raise self-esteem and reduce anxiety for children who would not normally participate in sporting activities. To give pupils opportunities for problem solving skills to prepare them for the next step in their education.</p> <p>6 weeks at each school</p>	<p>Strategic Intention 1: To ensure all pupils demonstrate good learning and teachers deliver appropriate activities and consistently good lessons enabling all pupils to make good or better progress.</p>	<p>Observations in Forest School and OAA activities have shown an increase in children’s confidence and self-esteem. Nurture assessments continue to show impact. Children have participated confidently in an increasing number of activities with other schools.</p>	<p>Continue to develop Forest School as an area of excellence to provide support for other schools within our clusters etc.</p> <p>Develop competitive opportunities for OAA and opportunities for children to develop their skill in a wider setting</p>
<p>Swimming and life-saving (including staff training)</p>	£3267 AHS and Splash – Sheringham	<p>To teach children swimming and lifesaving skills over 12 weeks. Due to the location of Northrepps primary we think it imperative that we teach all our children to swim and have life-saving skills to enable them to access our beautiful coastline in safety.</p>	<p>Strategic Intention 1: To ensure all pupils demonstrate good learning and teachers deliver appropriate activities and consistently good lessons enabling all pupils to make good or better progress.</p>	<p>Children have shown good progress in swimming and life-saving. Being able to offer swimming to all year groups has had a big impact with children becoming confident in the water at a much younger age, leading to improved swimming in Year 6.</p>	<p>Continue to ensure children develop their lifesaving skills alongside core swimming skills</p> <p>Ensure TAs are trained to offer lifesaving sessions in school as opportunities arise</p>
<p>Yoga and mindfulness afterschool club with parents</p>	£1997	<p>To give an opportunity to all our children to explore yoga mindfulness to help build self-esteem and deal with day to day anxieties. Develop their balance, flexibility and sense of self ultimately empowering them to continue with this</p>	<p>Strategic Intention 1: To ensure all pupils demonstrate good learning and teachers deliver appropriate activities and consistently good lessons enabling all pupils to make good or better progress.</p>	<p>Small group yoga sessions have had a good impact on the SEMH of children involved. Attendance at yoga club has been high and children have enjoyed the variety. Children’s engagement with the activities has improved as they have been able to access it for a sustained period of time.</p>	<p>Continue to embed these clubs as well as offering children opportunities to develop new skills in other less common sports. Link particularly to developing resilience and improving SEMH.</p>

		development			
<p>Sports Activities: Premier Sports: Term 1: Sept-Dec 18: LB sport Mon Fitness & athletics PM/ASC Tues: Hockey ASC Wed: Tag Rugby PM Term 2: Jan- Feb LB sport New coach for EPS afterschool club: Tennis</p>	£4830	<p>Provide a range of new activities which are physically challenging or team based to those children who are more competitive. These range from basketball / football / tag rugby/ athletics / street dance / cross country.</p>	<p>Strategic Intention 3: Ensure all staff feel valued and are encouraged to engage in appropriate professional development.</p>	<p>Quality coaching allowed children to enjoy new activities whilst upskilling TAs and training them in how to support the class. One TA at NPS has since started the NPECTS course which will enable her to develop her PE teaching next year.</p>	<p>Continue to widen the breadth of sport provision provided in order to support/ develop further school staff</p>
<p>School Games competitions Football NPS V EPS Dodgeball at Erpingham Primary Cross Country: Gresham & North Walsham both EPS & NPS</p>	£1800	<p>To give children experience at different levels of sporting competitions. To be involved in learning new sports skills with children from other schools</p>	<p>Strategic Intention 4: Ensure pupil numbers grow by publicising our schools and pre-schools so that our schools are viable.</p>	<p>Increased numbers of children have taken part in inter-school competitions this year e.g. dodgeball and cross-country. These have enabled children from both schools to gain confidence in these areas.</p>	<p>This is a key area for development this year. We will aim to increase the number of inter-school competitions which we participate in so that we enable our children to build resilience and confidence.</p>
