WELCOME
BACK!

Friday 13th September 2019

I hope that you have all enjoyed a wonderful summer break – even if it does seem a long time ago now! It has been lovely to see the children coming back to school with such enthusiasm. They have loved seeing their new classrooms and getting stuck into their topic of Space. I am so pleased that all of our staff have embraced our new immersive curriculum and have worked so hard to create exciting learning spaces. If you haven't seen the classrooms yet, then please do pop in! We are working hard to make lessons even more exciting for children so that they invest in their learning, we will also be holding lots of opportunities for parents and carers to come along and find out what we're up to so keep an eye on the dates!

I wish all of our children and families a wonderful start to the year and look forward to celebrating all of the achievements and successes.

Mrs L Watts – Acting Executive Headteacher

Learning Champions

We are looking to recruit parents, grandparents or carers as Learning Champions. If you have a subject or area of learning which you are particularly passionate about, it would be great if you would help us by keeping your eyes open for exciting events in the community which our children could attend. Or, if you are able to help source objects for our new immersive classrooms this would also be a fantastic help. Please see Mrs Watts for more details or keep your eyes peeled for more information soon.

This week in class...

Blackbirds have been drawing and describing their own aliens. Henry's was slim so it could squeeze into tight spaces and Isla's had green fluffy feet! In Maths they have been counting and working with number.

Wagtails have been practising column addition with big numbers. Charlie really persevered and Tallulah enjoyed challenging herself with tricky sums.

Skylarks have written wonderful poems with the title 'Is anyone out there?' – what wonderful language they used! Owen especially used some amazing imagery. In maths they imagined they had won the lottery and were adding huge amounts of money!

Parking

As always parking continues to be an issue at school. We really appreciate the effort which everyone takes to park considerately and to make sure that every child can get to and from school safely. The new owners of the pub have kindly agreed that parents can park there (at their own risk) so please do consider parking and striding to reduce traffic.

NEWSLETTER
