Friday 8th November

I was very lucky this week to be given the chance to escape from school and spend some time with Oak class at the Cross Country event in Blickling Park. It was amazing to be able to watch the children taking part with such enthusiasm and determination. It was also lovely to see them working so well with the children from Erpingham, encouraging everyone to do their best. Well done to everyone who took part! It has been great to hear of so many visitors in school this week for the space buggy exhibition and the act of remembrance this afternoon. Thank you so much for all your support for events in school.

Mrs L Watts – Acting Headteacher

This week in class...

Pre-school: This week's book has been **Little Rabbit Foo Foo** and our word of week has been kindness. The children have spent time discussing what being kind means to them and how it feels when someone is unkind. We have also been playing games to help us distinguish between environmental sounds - Mrs Browning's Box has been a big success - the children have been able to tell us they can hear bells, crockery, shakers, plastic and water sloshing.

Acorn: Acorn class enjoyed sharing their learning this week and loved having visitors to their space buggy exhibition. They shared their models and reports they had written on their buggy, detailing all of the features such as heated seats and Apple Carplay!

Oak: The children in Oak class have been busy this week learning about all of the different phases of the moon. They have been investigating how the moon changes over the course of the month and will begin to write an explanation of this next week.

Don't forget that the Royal British Legion are holding their annual remembrance service in Northrepps this Sunday. It starts at 10.50am at the war memorial and will move to the church after that. Please do come along to share in this important event.

We are pleased to announce that Lisa Utting has been appointed to work in the office and will be starting work soon. From the 27th of November she will be in the office Tuesday to Friday mornings. She has already started to work some extra hours for us and it has been fantastic to welcome her to the team!

Dates for your diary...
