

Go for an insect/animal hunt in your garden. What can you find? Can you sort your findings into categories? Vertebrates, invertebrates etc. What food chains can you see working in your garden? Can you draw these and label them?

Leaf/nature art. Can you make a picture using bits leaves and things from your garden. Have a look at 'Andy Goldsworthy' for inspiration.

Can you do any home baking? What ingredients do you need? How much will it cost? You can write the instructions for how to bake it. Design and make packaging for it. Maybe, even make an advert (written or performed).

Draw the scene from a window in your home. It can be any window. What time of day will you choose? Morning sunrise, Midday sunshine or starry night sky?

## Home learning Wagtails

Can you make your own assault course to get exercise? It can be jumping on certain patio tiles in order, crawling under blankets, step ups on steps, bouncing a ball a certain amount if times. Be as creative as you like.

It's really important to make time for reading each day. It can be for anything from 10 minutes to a whole day. You can even keep a reading journal to record what you liked. Who was your favourite character? Draw you favourite part/character? However you want it to look.

**MATHS CHALLENGE** - Can you learn your 7, 8 and 9 times tables? You can use anything to help you. A good YouTube channel is 'laugh along and learn'

Imagine you wake up to find that you have developed superpowers over night. What powers do you have? What would you do? Where would you go?

What can you make out of the recyclable materials in your home? Can you make a robot, house, zoo rocket...? The possibilities are endless! **Make sure you check with an adult before you use things to make sure they are safe i.e. can/bottles.**

Any work you want to share can be posted onto the school Facebook page.
