

Friday 29<sup>th</sup> January

Dear All,

I hope you have all had a good week and are keeping well. It has been lovely to see the work which everyone has been doing, thank you for sharing it with class teachers. As well as the devices I mentioned last week from the government, we have also received more Chromebooks this week from the Local Authority. If you feel that an extra device would help your family with accessing their learning, please don't hesitate to get in touch. We really don't want anyone to feel like they are struggling with technology. We also have a 4G dongle and SIM cards which will help connect you to the internet.

As you will have heard this week, the government have announced that we will continue with remote learning until at least the 8<sup>th</sup> of March. We are confident that the learning we are offering at the moment will ensure that our children continue to make good progress even if they are working at home. Don't forget though that home learning takes many different forms and there will almost certainly be days over the coming weeks when remote learning isn't working for you or your child. Please don't be afraid to adapt the learning we offer, to take a day off or to follow your child's interests. As always the wellbeing of our families is the most important thing. With this in mind we are planning a wellbeing week for the first week back after half-term when we will move our focus away from Maths, Literacy and Topic and provide lots of feel-good activities instead. If you have any ideas about things we could include please do get in touch!

Have a lovely weekend,

Mrs Watts

**Catch-ups** Last week we offered telephone calls to parents who wanted to discuss anything relating to the pace or level of their child's learning. We had no takers! Please do get in touch with either your child's class teacher or the office if you have any queries or questions.

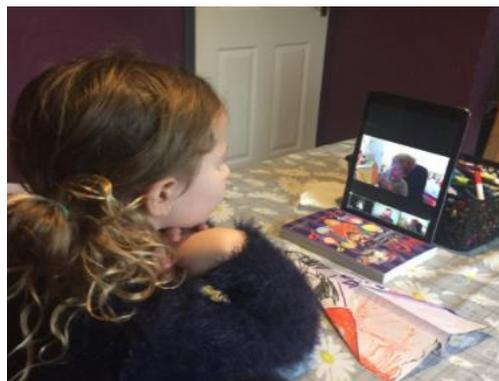

# NEWSLETTER

**Parent Catch-up** We would like to organise a catch-up session at each school where parents can check-in with each other and share stories of joy and pain during lockdown! If you would be interested in taking part, please contact the office and let us know if you have any ideas as to what would work best.

**Reading Books** We would like to offer all parents the chance to swap their child's reading books for new ones. If you would like to do this, please contact either the office or your child's class teacher and we will organise this for you.
