Summer 2022

Dear Parents and Carers,

We hope you all had a lovely Easter break and are enjoying the return of the warm weather! Our topic this term is Earth and Space and we're focussing our thinking on the kind of footprint we'll leave behind and whether we're good for our planet.

We have started looking in depth at the different biomes that form our world and have tasked the children with creating an immersive classroom environment which showcases their learning. Our corridor is rapidly becoming a rainforest and we have a desert, temperate woodland, ocean, savannah and tropical island paradise developing day-by-day!

We are also extremely excited to be heading off to Hilltop next week and we hope the Year 6s will be energised and confident navigating their SATs the following week. As we head on into the summer term we'll also be taking the Year 6s surfing and will be looking forward to end of term performances and possibly another day trip (details to be confirmed once finalised). There will also be Aylsham High School induction day(s), Science day and Sports/ Family day.

Homework will be different again this term - we are hoping to hit on a formula that works for as many people as possible. This term we'll only give a small group of children (probably a house team) a weekend-challenge. This challenge may well be a 'help me find out about...' or 'ask me about...' and will typically be stuck in a lanyard that your child can show you on leaving school. Some children may also receive a few extra challenges from their small group work to practise at home, please support your child to complete these and return them to school.

The PE session is either Monday or Friday with Mrs Rowe, dates as already confirmed. Please make sure that your child comes in PE kit on PE days.

As we're all looking forward to a glorious summer and enjoying being outside more, please ensure your child has a named water bottle and sun hat and has sun cream applied before coming to school.

Children still need to come into school in their forest kit on Wednesdays when it is their week. Y5s and Y6s will continue to alternate.

As always, if you have any queries, questions or issues, please do contact us via our emails: sportas8mrn@nsix.org.uk or dbarker8grk@nsix.org.uk or we can arrange a convenient time for either of us to phone.

Please also find a menu, class timetable and Topic Summary for this term attached.

Here's to an exciting term and some fantastic learning!

Steve Portas & Debbie Barker
