Headteacher: Mrs. E Sacre

Summer 2023

Dear Parents and Carers,

I hope you all had a lovely Easter break and feel ready for the warm weather and long days coming up. We will be looking at the different continents and oceans as we plot journeys around the world inspired by Jules Verne's *Around the World in 80 days*. We will also spend some time on volcanoes and tsunamis and how they form and what people do to stay safe around them. Our science this term will be plants and states of matter.

Our main question is '**Why do we travel?**' Our concept for this term is **Friendship**. We will be first exploring this through connections made around the world. We will also be looking at sub questions such as '**do people need to travel to see the world?**' and '**Is the world smaller now than in the past?**'

Homework menus are attached to this letter. The idea is for the children to work on one activity per week but please don't worry if this isn't always possible. Homework will be shared in class on a Tuesday. Don't forget that homework can be presented in lots of different ways – photos, pictures, labelled, diagrams, models etc. There is no pressure for it always to be written work. Please encourage children to write neatly and take pride in their work.

PE sessions are on Wednesday afternoons with Mrs. Rowe. Please make sure that on this day children come in to school in their PE kits.

The Forest School sessions remain on a Thursday. Please make sure that children come in with weather appropriate clothing for their session including water proofs, over trousers and wellies. Children need to come into school in their forest kit on their Forest School day. Please can you also make sure that children are coming in with named slippers and water bottles everyday.

As always, if you have any queries, questions or issues, please do contact me via my email: [lkimpton2cr2@nsix.org.uk](mailto:lkimpton2cr2@nsix.org.uk) or we can arrange a convenient time to talk on the phone.

Many thanks

Mr. Kimpton
