'Let us love one another, for love comes from God' 1 John ch 4 vs 11

Our School Values: Love, Courage, Friendship & Respect

14th September 2023

Dear Parents and Carers,

I hope you all had a wonderful summer holidays and feel refreshed and ready to go. This term we will be looking at story writing based on well known tales as well as pop art and pop up books. Our science this term will be electricity and states of matter.

Our main question is **'What is your story?'** Our concepts for this term are **Love** and **Equality**. We will be exploring this through making well known tales our own as well looking at how our own lives are like stories. We will also be looking at sub questions such as **'What do I love about myself?'**, **'What can you tell about a book by its cover?'** and **'Can you tell someone's story by how they look?'**

Homework menus are attached to this letter. The idea is for the children to work on one activity per week but please don't worry if this isn't always possible. Homework will be shared in class on a Tuesday. Don't forget that homework can be presented in lots of different ways – photos, pictures, labelled, diagrams, models etc. There is no pressure for it always to be written work. Please encourage children to write neatly and take pride in their work.

PE sessions are on Monday afternoons with Mrs. Rowe. Please make sure that on this day children come in to school in their PE kits.

The Forest School sessions remain on a Thursday. Please make sure that children come in with weather appropriate clothing for their session including water proofs, over trousers and wellies. Children need to come into school in their forest kit on their Forest School day. Please can you also make sure that children are coming in with named slippers and water bottles everyday.

As always, if you have any queries, questions or issues, please do contact me via my email: lkimpton2cr2@nsix.org.uk or we can arrange a convenient time to talk on the phone.

Many thanks

Mr. Kimpton
